SUMMARY

Computer Science undergraduate with strong expertise in Java backend development using Spring Boot, REST APIs, Hibernate, and relational databases. Experienced in building scalable full-stack and Android applications with a focus on clean architecture, authentication, and API-driven systems. Seeking Software Engineer or Java Developer roles to contribute strong problem-solving and backend development skills.

EDUCATION

- Vellore Institute of Technology** **CGPA: 8.15/10.0**
Bachelor of Technology in Computer Science and Engineering *Aug 2022 – July 2026*
Relevant Coursework: Operating Systems, Data Structures and Algorithms, Artificial Intelligence, Machine Learning, Computer Networks, Database Management Systems, Software Engineering

TECHNICAL SKILLS

- Languages:** Java, C++, Python, SQL
- Backend Technologies:** Spring Boot, Spring MVC, Spring Security, Spring Data JPA, Hibernate, REST APIs, Microservices
- Frontend & Mobile:** Angular, Android Development, XML
- Databases & Tools:** MySQL, PostgreSQL, Git, Docker, Maven, IntelliJ IDEA, VS Code, Postman
- Core Concepts:** Data Structures and Algorithms, OOP, DBMS, JWT Authentication, CRUD Operations, Agile Methodologies

PROJECTS

PetCare Management System | *Spring Boot, Angular, REST APIs, MySQL*

- Developed a full-stack pet clinic application supporting appointment scheduling, patient records, and veterinarian management.
- Built RESTful APIs using Spring Boot, Spring MVC, and JPA for CRUD operations with validation and exception handling.
- Designed relational database schemas and implemented entity relationships using Hibernate ORM.

Task Management Application | *Spring Boot, Spring Security, JWT, Angular*

- Built a task tracking application with JWT authentication and role-based authorization using Spring Security.
- Developed secured REST APIs for task creation, updates, deletion, and status management.
- Implemented priority tracking and due-date management features for better task organization.

EXPERIENCE

- Android Developer Intern – Healthians** **2025 – Present**
Developed Android applications using Java and Android SDK with features including activity lifecycle management, SQLite database integration, sensors, UI development, and REST API connectivity.
- Open Source Contributor – Apache**
Contributing to Apache open-source projects by reviewing GitHub issues, participating in feature discussions, and submitting pull requests for bug fixes and enhancements.

ACHIEVEMENTS

- Maintained a 200+ day LeetCode streak and solved 600+ DSA problems using Java, strengthening algorithmic problem-solving skills.

CERTIFICATIONS

- Oracle Certified Foundations Associate, Java** **Exam 1Z0-811 — Apr 2025**
[Verification Link](#)
- Oracle Certified Professional: Java SE 17 Developer** **Exam 1Z0-829 — Aug 2025**
[Verification Link](#)

VOLUNTEER EXPERIENCE

- Health-O-Tech Club, VIT Bhopal – Content Team Member** **Aug 2022 – Apr 2023**
Collaborated on content creation for events, newsletters, and social media initiatives.
- Telugu Club, VIT Bhopal – Event Team Member** **Aug 2023 – Mar 2024**
Coordinated cultural events, logistics, and team activities.

ADDITIONAL INFORMATION

- Languages:** Telugu (Native), Marathi, Hindi, Kannada, English
